Get to know me

Hi, I'm Kiara!

I'M A THIRD YEAR ARCHITECTURE STUDENT WITH A KEEN INTEREST IN DESIGN AND PLANNING, FOCUSED ON CREATING FUNCTIONAL, SPACES WHERE PEOPLE FEEL SAFE AND COMFORTABLE.

More About Me

Hometown

I was born and raised in Tagum City, where I spent my early school years, before moving to Davao City to continue my studies from junior high school up to college.

Hobbies

I consider myself a crafty person, with scrapbooking as a hobby I've enjoyed since childhood. I love creating DIY and personalized letters for my friends and family.

Interests

I love listening to music whenever, wherever, and whatever—literally and figuratively. My favorite artist is Harry Styles, and my favorite album of his is Harry's House! :)

Skills and Career Goals

Technical drafting and model-making

Problem-solving and critical thinking

Creative design and visualization

Gain experience through apprenticeships

Become a Licensed Architect

Lead my own design studio

to live for the hope of it all.

the quote 'to live for the hope of it all' is a line from the song august, to me it means that as long as I have faith and keep living, life is filled with chances. Hope becomes my companion through which everything gains its meaning, reminding me that even in uncertainty, every experience has the potential to matter.

Thank you for getting to know me!
